

Maverick is live and one lucky subscriber will get a paperback!

Hello Lovelies!

First things first... just by opening this Newsletter you are entered in a drawing for one paperback copy of *Maverick*! I'll announce the winner tomorrow!

Now **Maverick**! Oh, my ladies... This one... this story... I cried writing it, my ARC team put a bounty on my head because of how much they were made to feel. And frankly, I can't blame them... though I claim innocence, I know this story pulls on many emotional strings!

Maverick and Alessa's story is not easy, but I promise, they do get their happily ever after, because let's be honest, if there are two characters in the Sinners that deserve one, it's them! But their journey is definitely hard going at times... So hold on tight to those Kindles, I shall not be held responsible if one gets hurled at the wall! LOL!

Get *Maverick* NOW!

In other news... Tomorrow, I'm revealing the cover of *The Intern*, my first MM romance novel. I'll send the cover directly to your inbox so you don't miss out... And

you DO NOT want to miss this. The cover model has been my muse for this story and let's just say, I feel inspired! LOL I am so very excited about this book. I know some of you don't like swords crossing, so I get that it isn't for you, but oy vey.

If you so feel inclined, please vote for The Intern in December's most anticipated Romance Book Release. I'd really appreciate it <3

It is simply brilliant - raw, emotional, action-packed, triggering at times, heartbreaking, and always heartfelt - and just simply brilliant!

First of all, who do you think you are writing a book like this?! I was not expecting this wonderful book. Please don't get me wrong, I don't hop into books expecting them to be bad or anything, but this was more than just an MC book. I have never read a book by Serena Akeroyd and I am officially hooked!

Late Night Reviews

Another emotional ride with curves and tears, steam, and characters we love.

Words Turn Me On

Blurb

Alessa (Ghost)

Maverick's in love with a dead man buried at Arlington National Cemetery, where his heart might as well be buried too. My husband's stuck in the past, lost in his fractured mind, and the last ten years are a blur to him, meaning I'm a blur to him.

But I'm not a ghost. I'm a woman. I'm alive. I breathe. **I hurt.**

Should I let go or hold on?

My instinct is to let go, but I have family now. People who matter to me. A posse I'll kill for.

I'm no longer nothing, I'm something.

I'm a Sinner.

And I've found my ride and die... now I just have to get him to remember me.

Impossible?

I've beaten worse odds and survived.

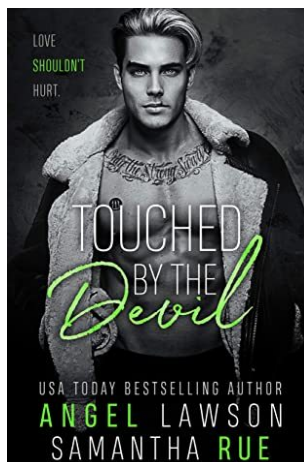

Game on, Maverick. Game on.

Touched By The Devil

Touched By The Devil

Fights, sex, and fast cars. Those are what Sebastian Wilcox is all about.

On the outside he's easy smiles and a quick temper, but on the inside, a war rages on. He told the Devils his biggest secret; during a vicious fight, he accidentally hurt someone who didn't deserve it. For months now, he's been cursed by the memory of her screams. But that's not his only hidden truth. His complicated, abusive relationship with his brother, Heston, threatens Sebastian's health and future.

What Sugar Voss wants is simple; to get the hell away from her family, the little town of Briar Cliff, and to be left alone. A last-minute scholarship into Preston Prep makes that possible. She starts a new life with a clean slate, and no one can see how f*cked up she really is.

Sugar has one rule: keep your damn hands to yourself.

The blond-haired brute at her new school already broke that rule once, and she won't let him do it again. Unfortunately for Sugar, what she doesn't realize is that for a guy like Sebastian, all rules are meant to be broken.

At Preston Prep, a Devil always gets his due.

A Deal With The Devil is a standalone novel in the Boys of Preston Prep series; an angsty, traumance, by USA Today Best Selling Author, Angel Lawson and Samantha Rue.
