## Series Blurb

Our grandfather lost the war.  
As a result, we lost our city.  
We lost everything.  
So we turned legitimate.  
But like snakes in Eden, the Valentinis belong in Manhattan.  
It's time to regain our kingdom. Time to reign over it. Time to make our enemies bleed as we avenge our fallen.  
We're not Italian.  
We're Sicilian, and we'll watch the city burn before we lose our stranglehold on it again.  
Love was never a part of the equation. Love serves no purpose in business.  
Then they walked into our lives.  
Then they changed everything, and made a kingdom a dynasty...

*The End of Hatred by Rebecca Hefner*

## **THE END OF HATRED**

by **Rebecca Hefner**

**These are dangerous times on Etherya's Earth...**

Slayer Princess Miranda, heir to the throne, has hated the Vampyres for a thousand years. Since the Awakening, she's fought to protect her people, choosing to be a warrior more than a royal. When a female Vampyre washes up on the shore of her compound's riverbank, she seizes the opportunity to take the offensive.

Sathan, King of the Vampyres, distraught at his sister's disappearance and captivity, agrees to travel with Miranda to resect the Blade of Pestilence, also hoping to change his people's state of endless war. Although the woman hates him due to the constant raids on her compound for the Slayers' life-giving blood, he can't help but admire the stubborn and strong princess.

As their journey progresses, both begin to understand that they are aligned in their hatred of Crimeous, leader of the Deamons, as well as their hope for peace between the Slayers and Vampyres. Determined to fight their growing attraction, they forge a tentative truce. But old wounds run deep and trust is scarce. Their faith in each other must remain strong or all will be lost...

The Etherya's Earth series is best read in order so the reader can enjoy the evolution of the characters. After all, the author loves a good twist and wants the reader to uncover them organically. However, readers of romance rest assured that each book has its own featured hero/heroine and HEA.
