The Sinners have a new look and the Posse is here for it!

Thanks for hacking into Serena's newsletter account, Star! Helloooo ladies!

Giulia here, and I have some news.

Serena decided to put all of my posse on edge by giving you a full look at who our men are... We're on edge 'cause we already know that some of you have your eyes on our guys--which I'm definitely not happy about. Back the fuck away from Nyx or we have ourselves a problem--and we all know that when you see our Sinners in the flesh...we'll have to beat you away with a stick.

Trust me, I'll enjoy the beating if you even *think* about getting handsy with my Old Man.

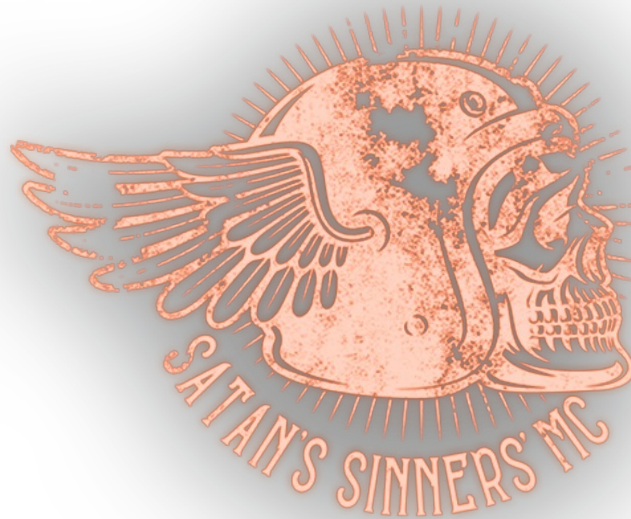

A lot of work went into these covers, some blood, sweat, and tears, and I must say, I'm impressed... in a 'how the fuck am I going to keep these hordes of women away from my man' kinda way. Bad enough the lot of you were dreaming about his Terminator dick, but now you'll have a face and his oh, so delicious body to go with it.

But I can't deny, Letitia from RBA Designs did a bang of a job with the beautiful

pictures taken by Wander Aguiar.

So I guess with all the trouble everyone went through to get these to you, I should probably show you what all the fuss is about, right?

Star, can you send up the new Satan's Sinners' MC logo, please?

You guys feeling that? Now, Serena, the posse is going to need a matching one, cause you know I'm working on Rex to let us have our own patches... Speaking of which, you need to hook a girl up here, babe, I need a meeting with the boss and that happens through your keyboard, so hmmm, get crackin', yeah? Some fuckers need their asses handing to them, and I might as well use my time to send messages to the boss lady while I have the mic, right?

Nyx might be the King of darkness but he's staked a claim on my heart (could I be any more love sick? Must be the pregnancy hormones...) Ok, here is my Nyxpoo... You saw what I did to Kendra... Just a friendly warning. ;)

So, you guys drooling looking at Nyx? I have to admit... PUDDLES here! LOL!
That V. Trust me, tastes better than it looks.

Remember, this is a newsletter exclusive thanks to me. The bitch boss lady
ain't got a say in anything I'm doing here, but I wanted to give you a heads up
first. Tomorrow, the rest of the world will get to see all the Sinners covers but
for now... Nyx is for your eyes only.

Shit, Star's having trouble with the server, so I'd better sign off.

Remember, HANDS OFF!

Bye, motherfuckers.

Giulia

Ooops, I apologize for all the cursing, but, you know Giulia. She's a bitch. LOL.
I have to say I am loving these new covers. They feel right !
They feel like they should always have been this way.
And, well, now they **are**.

So, watch this space tomorrow or my reader group tomorrow for more hot, hard, sinning bodies. I can't wait for you to clap your eyes on them, and trust me, you're gonna fall even harder for these biker bad boys. **drools**

Much love to you, darlings, and thank you, as always, for your support. <3
Serena

xoxo
