BAD BOYS YOU WANT TO TAKE HOME

Filthy Secret - Book 6 in the Five Points' Mob Collection releases November 18th!

Hello Lovelies!

A day late but as promised here I am to deliver an exclusive excerpt of *Filthy Secret*! It was sent to ARC readers this morning, and bloggers and Instagrammers as well...

I have to say I'm a little nervous for this one because it isn't your typical romance. Now, don't get me wrong, it will have the Happily Ever After you're waiting for, but the construction of this book, and its storyline is different from what you're used to. That being said, if you love everything O'Donnelly, you NEED this book. If you've been chomping at the bit for all the tea & secrets to

be spilled, you NEED this book. If you have a favorite Fecker, you NEED this book. Because Filthy Secret delivers all those things in spades! You may even walk away from it with a different favorite Fecker... :O

This was truly a labor of love. I cried, I laughed, I cried again, and I laughed some more, and in the end... Well, you'll have to read to know what happens in the end! <3

Vote for Filthy Secret in November's Most Anticipated Romance!

So, with only 6 days until it drops... I will leave you to read chapter 2 of Filthy Secret... Feel free to come in my Spoiler and Tea room to talk about it!

Chapter 2

Aoife

PRESENT - CHRISTMAS DAY

"Do you know how much I love you?"

A smile danced on my lips. "I mean, I could guess. But are we talking metric or imperial here? You know I'm a baker, Finn. Be specific."

Before I could tease him much more, he rocked his hips, thrusting harder into me until my eyes fluttered to a close.

No longer was I thinking about inches or centimeters, just that my husband filled me so full that I wasn't sure where he ended and I started.

A groan escaped me as he thrust back inside me, doing this thing with his hips that had my G-spot screeching to life in a wonderfully rude awakening.

My hands dug into his shoulders and I moaned out a promise, "No more teasing, no more teasing."

"Definitely no teasing the father-to-be," he growled in my ear, sucking on my earlobe in a way that tickled rather than sent shivers down my spine.

My moan morphed into a laugh. "What about the mother-to-be? She deserves

an orgasm,” I retorted, my words broken as he lived up to the task and moved a little harder, a lot faster.

“You deserve something that’s for sure,” he rumbled, dropping his mouth now so that it was hovering over my lips.

I fought fire with fire because with a kiss, that was the only place Finn let me attempt to conquer him. As I explored him, savored him, reveled in him, I felt the second something switched on.

Gone were the teasing strokes, and in its place, I felt his tension start to brew as he tugged on my bottom lip.

“Mine,” he ground out.

My pussy clenched around his dick at the declaration, a declaration that always had me squirming and celebrating.

This hard man, this mobster, this brilliant mind, this beautifully scarred soul—he called me his.
