Is that why I can't find you?

Hello Serena's Readers!

It's me again, aCooooig. I'm at a loss... I can't find her. If it weren't for Kat having reached out to me, I'd think that I'd lost the plot and had fallen in love with a ghost...

So here is another bottle at sea... in the hopes that she sees it and maybe finally comes home to me. Where she is meant to be.

Dear Star

Wanna know something hilarious?

I realized today that I'm grieving you. I'm grieving you as if you were DEAD.

It's to the point where you'd actually better be dead because I'll fucking-

No.

I don't want you to be.

If you're gone, then this fucking hole you left behind is permanent and I can't goddamn cope with that.

You. Are. Not. Dead.

There. I said it.

I willed it into being because fuck knows. God listens to sinners' requests. Right?

Well, my da used to believe that and he wasn't right about anything.

Maybe he was right about you though.

He said I shouldn't trust you.

He just didn't realize it was too late for me to take it back.

But this? How you just fucking left?

Maybe he WAS right.

And maybe you broke something beautiful that can never be repaired.

Don't you dare be dead.

Conor

FROM THE DESK OF
CONOR O'DONNELLY

Oh, while I'm here (I work around the clock, sort of like Serena now that I think about it. Her computer seems to run as much as mine... huh...) Anyhoo, her authorversary is coming soon... and Anne, her assistant, reached out to me to help set up some servers... Check in her Diva reader group on August 1st as there will be an announcement! You'll want to be a part of this! Bye for now.

PS: If you have trouble reading my handwriting... I know, it's not to everyone's liking... Everyone's a goddamn critic, I swear. Here is the gist of it typed out.

Royally Complicated

by Gwyn McNamee and Christy Anderson

Sex on the beach with a smoking hot stranger...
I blame the tequila.

And the way he rode the waves like he owned them.
And the delicious way the water trickled down over his washboard abs and the V thingy.
And the fact that I'm on the trip that was supposed to be my honeymoon until I caught the bastard cheating.
Yeah, I'm going to blame it on all that.

Salvation

by Maddie Taylor and Morganna Williams

Despite the dirt and grime of her disguise, her delicate beauty shines through. She takes my breath away, but she's supposed to be dead, like all the others.

Built to serve, submit, and to please, she shocked everyone by overriding her programming, boarding an enemy ship, and crossing the galaxy in search of help.

I won't let her down, nor will I abandon the remaining female cyborgs living in secret servitude on Earth.
