Prologue

Cade

Cindy Davis is hell on my dick.

Not that she knows it.

When she serves me coffee with a disinterested glance and inadvertently flashes me a set of tits that I'd be A-OK suffocating in...

When she leans up on her tiptoe to grab extra sugars from a shelf in the diner where she works and her skirt pulls taut to reveal an ass that's begging to be spanked...

When she dips down to retrieve a spoon that's fallen on the floor and looks over to laugh at something one of her co-workers says, I know one thing and one thing alone:

She's running from her father, my job is to drag her back to New York, and somewhere in the middle, I have to fuck her.
