BAD BOYS YOU WANT TO TAKE HOME

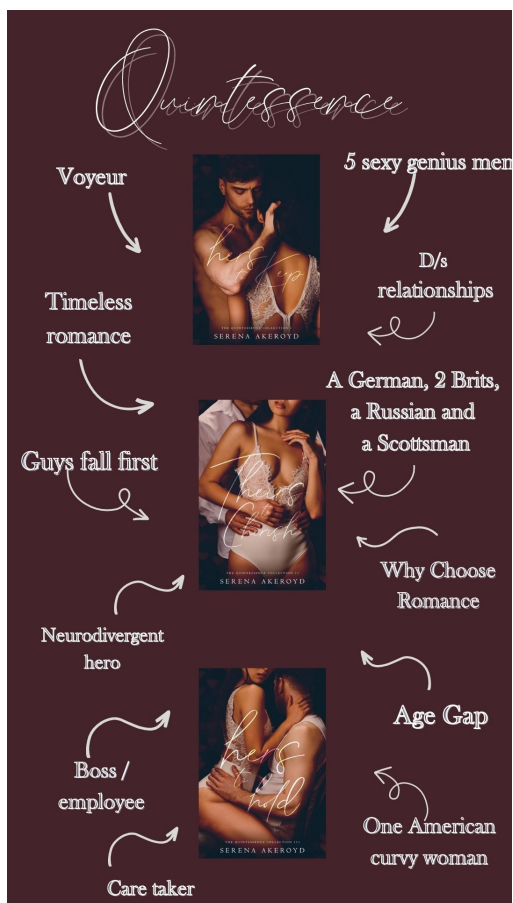

Hello Lovelies,

Five years ago this month, I published the first part of what is today known as Quintessence...

Charmed by Them, which eventually became Hers to Keep, was where I (and consequently you,) met Devon, Sean, Kurt, Sawyer, Andrei, and Sascha. What a ride they took us on!

From a spanking in the kitchen to their oldest marrying a princess, their story was not easy, but it sure was beautiful.

The Quints hold a special place in my heart... and I know it holds a special place in many of my early readers' hearts as well.

You can read it as one Omnibus!

For those who discovered me through the Five Points... Andrei was my OG Bratva guy... though not in the same universe as the O'Donnells, he set forth the motions that would eventually lead me to write mafia romance.

Of course, if you've read Filthy, you'll know that Quintessence is the series that I get Aoife hooked on... That contemporary Why Choose series she was drooling over during her convalescence... ;)

A little over a year ago, I revisited their family to write two of their children's stories. They are both MF, best friends to lovers, and while part of their stories takes place at Christmas time... They can be enjoyed all year round!

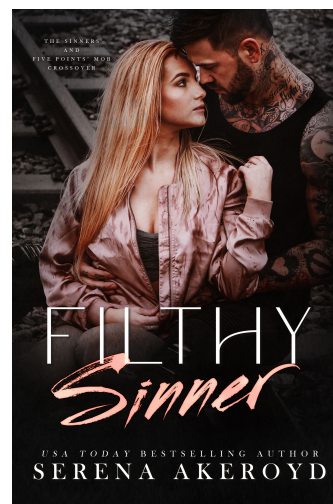

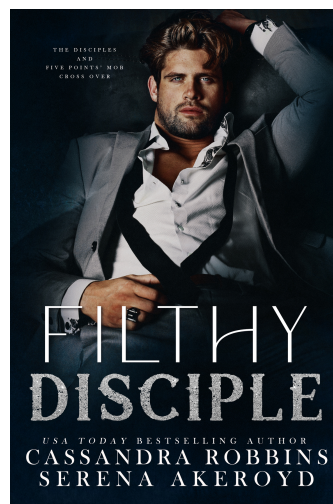

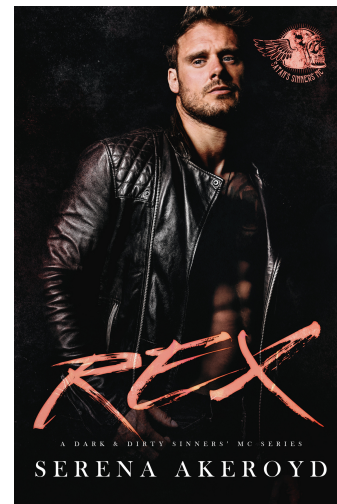

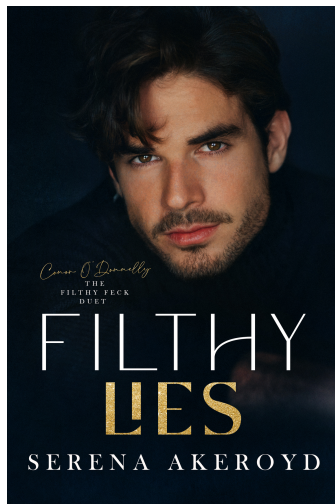

Tin and Alice in **His To Keep** and Beau and Jack in **His To Hold** give you a glimpse of their parents and love stories that are a little dark, but a whole lot sexy. Tin and Jack are chip off their fathers' blocks!

Hers To Keep, **Theirs To Cherish** and **Hers To Hold** are also available on Audible. Narrated by the amazingly talented Shane East and Hollie Jackson, the books are brought to life in the most delicious of ways!

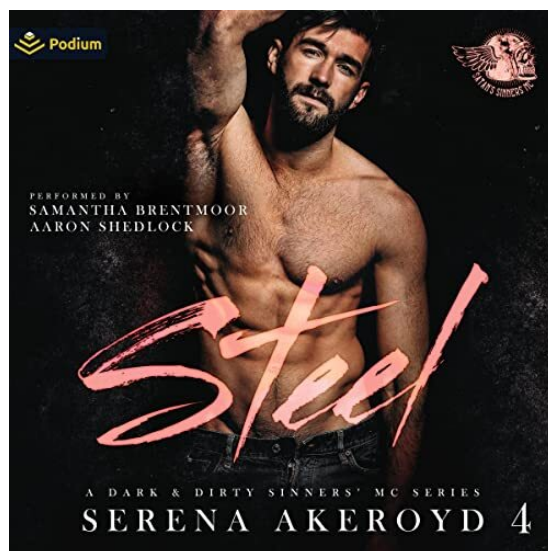

If you decide to give my Quints a try, please come discuss them in my Facebook reader groups! Especially if you want Bash's story... ;)

Happy reading,
Serena

HAWK BY LILY J ADAMS

HAWK

by Lily J. Adams

Piano has always been my one true love.
So when the music stops, I do whatever I can to hear it again.
But when I wake, all I hear is his heart and the memories that come with it.
This is my body.
My mind.
But not my heart.
Each beat hides a secret, and his voice now replaces the music, demanding I uncover the truth.

I'm sent to a place to get better, and that's when I meet her.

Fifteen years ago I said the cruelest things to him, and then he disappeared.
I moved on, became a model, and am about to star in a new television series.
Then one day he shows up backstage, and we can't deny the chemistry.
He's so much different than he was back then.
He's intense, commanding, and extremely possessive.
