BAD BOYS YOU WANT TO TAKE HOME

Hello Lovelies,

It's almost time... can you feel the air crackling? 'Cause I sure can!

This book is a little different from what you are used to from me... These Russian men have taken me down rabbit holes I wasn't expecting and frankly... I. AM. HERE. FOR. IT!

It's probably why I'm so excited to share Chapter One with you... It's their not-so-cute meeting, but it will give you all the Nikolai vibes and set the tone for the book!

So scroll down a little to get just a tease... just a little taste... until you can dive right in June 1st!

Until then, happy reading!

SILENCED - Chapter One

WHERE IT BEGINS...

“Do you think she’s dead?”

It’s a good question.

Through the dusty glass panes of a window that saw better days a decade ago, I can barely make out the still form lying on the shady motel room’s vomit-yellow, flower-splotched carpet.

Cassiopeia Rundel could be dead.

From this distance and with the terrible visibility, I can’t answer for certain.

Dmitri Turgenev, my second-in-command, nudges me at my lack of response.

“Well?”

I grunt.

He scrubs his floppy blond hair out of his eyes, muttering, “The men are in the car. You can talk.”

My brow furrows as I shoot him an impatient look and sign, “You need a haircut.”

He squints at me. “I might if you told me to.”

“When do I ever talk?” I dismiss.

He mumbles something beneath his breath then switches to Russian: “You’d think I’d get used to you being a mute after eighteen years of knowing you, wouldn’t you?”

With a pointed stare, I nod.

“Why is it you can talk to Misha? I mean five words are five words. Why do I get zero?”

This time, his petulance has me rolling my eyes even as I wipe at the glass to try to clean it. I need to know if the woman is dead or not because there’s no sense in wasting my time on rescuing a corpse.

Brett Powers is gorgeous, filthy, and off limits.

Rules are made to be followed.

Or so they say...

But let's be honest. The second I stepped foot into Brett Powers's classroom, I was doomed.

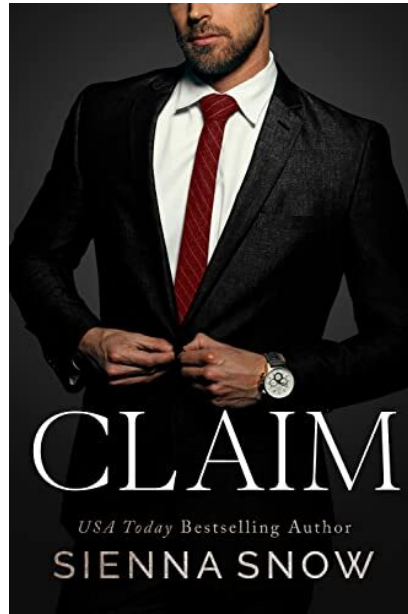

I mean, it's not every day your dean is a 6'4" dark god with ocean-blue eyes and a dimple.

Just looking at him makes my heart pound and my stomach flutter.

He's intense, filthy, and forbidden.

Not to mention, he's my sister's ex-boyfriend.

Damon Pierce has a dangerous reputation at Violent Delights.

As for the submissive women he plays with? They get one night only. Any more would put them at risk. "Addictive and so very hot. Damon is the ultimate possessive Dom. This book left me breathless." - Adriana Anders, author of Kink Camp.

He has no interest in emotional entanglements.

Especially not with Sophia Morelli.
