Firstly, thank you so much for the response to **Silenced**.

On a day and a week when so many of my colleagues were also releasing their book babies, you made **Silenced** a top 75 Amazon Bestseller!

Your response to Nikolai and Cassie's unusual love has been phenomenal and I am so thrilled that you fell in love with them and are looking forward to other books in this series!

Speaking of colleagues... Here below are a few of my favorites who released last week as well... So, for those in need of books to heal their hangover from **Silenced**... scroll down, maybe you'll find your next read!

What people are saying about SILENCED

I promise, after the Sinners, the Five Points and the Sicilians, Serena still has it in her to give us a different story still full of drama, plot twists, intrigue and steam.

Danielle McMillen

Complex, Compelling and Carnal

Liz Ogburn

Look at her wrong..you die. Say the wrong thing..you die. Touch her..you definitely die. That level of possessiveness is **chefs

kiss**!

Tiffany B.

The story is spicy, intriguing, addictive and intense. It is one of the best Russian Bratva Mafia stories I've read.

Joanne K

Heartbreaking and joyous and complex. I expect nothing less from Serena but Silenced was just that little extra.

Sarah Poulton-Williams

But that's another story better left untold.

Redemption Refused

Hooking up with the college freshman I was supposed to keep an eye on was easier than tracking her.

Kidnapping her after that first night was easier than following her around campus.

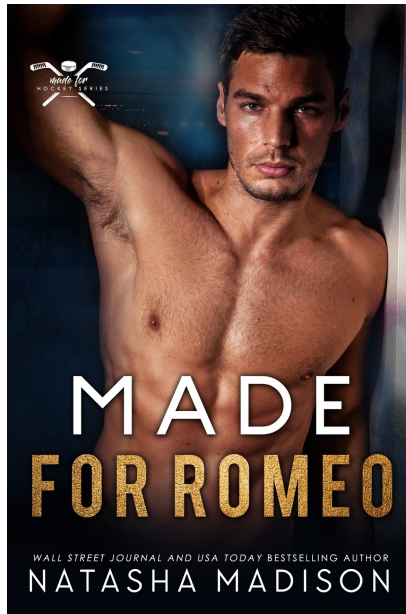

I'm massive, scarred, and tattooed. I don't exactly fit in with her crowd.

After the job was done, cutting her loose was the hard part.

Making it through the day without seeing her became impossible.

Some may call it stalking, but I call it vigilance.
