Hello Lovelies,

I. AM. OBSESSED! These three covers are just everything! And, best of all, each cover holds a part of their story and I can't wait for you to uncover all their secrets!

The main cover is the illustrated cover. The ever so talented **Chelsea Chira** captured a scene from End Game perfectly! Will they or won't they kiss? I guess you'll have to read it to find out! ;)

The discreet special edition, also designed by Chelsea Chira, merges both of their obsessions. With a little extra nod to Gracie... It is so perfectly them!

And, finally, the hardback cover... With Liam, aka **Aitor Ferròn**, photographed by Rafa G Catala and designed by Letitia Hasser from RBA Designs. Letitia and I have been together for a long time now, and every single time, she manages to shine a light on the essence of my leading characters, and this one is no different.

END GAME

She's my lifeline, my rock...

When I was billeted with the Bukowskis, I made a mistake.

I didn't lock Gracie Agnieszka Bukowski down.

Instead, like a 16-year-old idiot, I became best friends with her brother, Kow, and now, the family considers me one of their own.

Until her, hockey was my only refuge. So, when I'm traded to the New York Stars, my first move is to change my number to 35. See, we made a vow, one that she might have forgotten, but I haven't.

Gracie's about to be swept off her feet.

I'm going to prove to her that not only is she not my sister...

She's my end game.
