BAD BOYS YOU WANT TO TAKE HOME

## Hello Lovelies,

Okay, I know I usually feed you a little taste by giving you *Chapter One* of my upcoming release, but this time... I am giving you the goods! I'm giving you their first sexy scene and it comes early! As early as Chapter Three!

You get a taste of Liam's dirty mouth... but Gracie is not far behind ;)

**Remember!** This is a live release so there is no preorder, but I will make sure to email you as soon as it is live!

## Chapter 3: Liam

### Later that night

#### One Day / Reckoning Song - Asaf Avidan, The Mojos

Gracie gurgles around a laugh as she sinks back a shot of tequila and almost chokes on a slice of lime she stole from the party.

Dopily, I grab her chin, pop my fingers into her mouth with an ease I wouldn't be feeling if I were sober, and pluck it out. "Dangerous, Gracie. Dangerous." I wag the mauled slice at her as I relinquish ownership of the bottle too. "You just gotta drink the tequila, not the lime. I'm cutting off your supply."

Her nose crinkles but she hands over the dish of deadly citrus fruits to me.

Like the sprite she is, she twirls on her bare toes, skirt whipping around her legs

as she raises her arms to the sky, both dancing and beckoning me closer. Her almond-shaped eyes angle upward at the corners, lending a mischievousness to her expression that fits considering her family. Her cheeks slope inward toward pouting, naturally dusky pink lips that lead to a chin with an indentation made for my thumb to sit in.

All that beauty is set beneath a dainty button nose like Tinkerbell, except she's a brunette. Her face is round, and her mop of hair with bright red tips dances and bobs around her jawline like Rachel's from Friends did.

Fuck, my crush on her is more gargantuan an issue than the one I had on Jennifer Aniston when I was growing up.

"Isn't it beautiful, Liam?" she crows.

My focus doesn't shift to the night sky or the lake.

It stays locked on her.

"Yeah, yeah, it is."

I know I'm drunk. Hell, I went so far past drunk an hour ago that it's only my metabolism that's stopped me from needing to head to an ER to get my stomach pumped. But looking at her twirling in the moonlight, fireflies bobbing around her—she's like a dream.

My fantasy.

Also... my Asher... my beautiful, broken, tender STORM is finally live on **Audible**.

To tell you the breathtaking job that Jason Clarke and Stella Hunter did in narrating this book... I cried ... so much! I want to say even more than when I wrote it.

Their performances just hit differently.

I am so grateful that they both agreed to be my Storm and Keira. It has been an honor to listen to their take on my beloved characters, and I hope you will jump at the occasion to listen! It has not yet Whispersynced, but it is coming.

Until next week for the release of End Game, happy reading!

Serena
