Hello Lovelies,

For the next 3 days, so until September 22nd... There is an amazing promotion going on! More than 2400 authors are participating in Stuff your Kindle/e-reader days! And these are all books that have never before been entered into this event!

You can even grab **Filthy** for free to own forever, and... you can then whispersync it! Talk about a good deal!

So head over to **Romance Book Worms** and stuff that Kindle!

I've seen many people asking if you need a physical Kindle or e-reader to be able to read these books and the answer is no you do not! The apps from each of the retailers do a fine job!

Have fun browsing through to find new and old favorites! Happy reading!

HOMERUN PROPOSAL BY MAREN MOORE

Homerun Proposal

by Maren Moore

The proposal was simple: Score a homerun and take my virginity.

Except, my proposal went to the wrong brother.

It was supposed to go to my best friend, but as fate would have it, it fell into the hands of his infuriatingly hot, irritatingly charming older brother.

Lane Collins is Orleans University's All-Star baseball captain.

Cocky pitcher. Player on and off the field. The life of every party.

And the same guy I've crushed on in secret since we were kids.

He's always been out of my league.

That is until he signs the dotted line on a proposal that wasn't meant for him, and offers to teach me... everything.

The one and only condition?

We walk away once everything's checked off.

Easier said than done when my heart is involved.

Now, it's a whole new ballgame.
