RELEASING 1.22.24

Hello Lovelies!

Here is a little teaser for Waiting Game just for you!

The way I am obsessed with these two... I can't even begin to tell you. I have done something I'm not sure I've ever done before and that is reread it while it's being proofed just because I loved them and I missed them.

I know that some of you, who love Gracie, struggle with Mia. And I sure love to make things difficult on myself when I choose these types of heroines. But trust me when I say that Mia was meant for Cole in every way. And for his sake, I hope you will give her a chance to win you over. She is quirky, fun and loyal, yes... you read that right, she is loyal to a fault and I can't wait to show you how!

I'm gonna stay up late again tonight to watch hockey. Who would have thought, a year ago, that these would be words I'd voluntarily write in my newsletter and it wouldn't be a bat signal that I've been abducted and need help! LMAO! But... #goleafs!

Who's your team?

Until next week, where I'll give you a little taste of 'Cola,' as we've shipped them on my team, happy reading!

Much love,

Gem/Serena

xoxo
