Hello Lovelies!

It's HERE! It's LIVE! You have been so patient with me in my quest to get this baby into audio and I am so grateful! But, boy, was it worth waiting to have Jason Clarke and Celestine Wolf KILLING it in this *DUET* narration of SILENCED!

For those unfamiliar with the story, SILENCED is a modern day retelling of Hades and Persephone, set in the Five Points Mob Universe but, more specifically, with the Bratva. Nikolai is the Florida Pakhan and, as a favor to the O'Donnellys, he agrees to go rescue this woman who's been kidnapped by her ex-husband.

The SECOND Nikolai lays eyes on Cassie, it's GAME OVER! He's all in. Insta love with a side of breeding kink, a curvy heroine (PCOS rep) and a mute hero... This has all the ingredients for an explosive Russian Mob romance. And trust me, many things are explosive. ;)

*A bin chicken*

In other news, my stay in Oz is coming to an end. One week left before I am back in my regular time zone. The people I've met in Australia know how much I adore their country but, this time in particular, I've enjoyed so many things during my stay.

On a personal front, I learned how to crochet, am starting to figure out how to knit (and sulking with the needles when they don't do what they're supposed to do,) discovering how much cheaper wool, knitting needles and crochet hooks are here, LMAO. I've fallen in love with Melbourne and discovered that you guys have the BEST chips in the world. Your salt and vinegar - end game material. :P Grill'd Mustard and Pickles burger make me drool and do NOT get me started on the Cole's Vegemite and Cheese scroll! I've been to Adelaide, Melbourne, and Sydney and fallen for each one but, I can't deny Sydney has my heart. (And not just because of the bin chickens.)

Work-wise, completing Cody and Tee's story was a high point, which is now onto edits for a 2025 release. A major highlight was the fab time I had meeting my wonderful readers at the Fiction & Friction event in Adelaide - so many wonderful gifts from so many lovely ladies including Jodie's cross-stitch of my beloved Trev. Game On is also moving right along because, turns out that what I needed was for my beloved Maple Leafs to come back and play... even if they're not doing so great. But hey, it's a long season lol. ;) Then, there's getting to listen to Savio from Broken in audio because that's in proofs too so you'll have that to look forward to soon! My time here is coming to an end but, as always, Australia, it's been an honor. I love the land, I love the people, and a part of me will always be Down Under.

I hope you will love SILENCED in audio - it makes my heart happy when you fall for my heroes.

Much love,  
Gem/Serena  
xoxo
