Conor on the hunt for his Penguin

Hello Lovelies!

First of all, Happy New Year! May 2023 be kind to you and those you love!

I'm doing my part in kicking off the new year on a good note because... TODAY is THE day!

You've been so patient with me on this journey to getting Conor with his penguin... And you can read the first part of their duet **RIGHT NOW!**

The reviews are coming in and I am so happy that you are falling for my cinnamon roll of a made man!

I saw someone today describing Conor's gentling of Star as a loving reverence and I couldn't agree more. But worry not! Conor is an O'Donnelly and one thing we've learned is that O'Donnelly men are Jealous and Possessive, and, oh, so protective of their penguwomen!

Wow! Wow and wow again! This packs a PUNCH! The first book in the duet of Conor and Star. Yes!

Demi

If a character could be a home, it would be Conor. And if Conor is home, then Star is love. Because they go hand in hand and they both love so hard.

I absolutely love Conor. I have since I started this series, but there's just something about him that I couldn't help but fall in love with. And I looovvvveeee Star!

All the men of 5 Points are amazing in their own way but Conor is a whole new brand of deliciousness and perfection!

Currently screaming, crying, throwing up! I knew this book would have me contemplating life, but I was not prepared for the level of gems this book threw at me.

I also have good news! I know I now have audiobook addicts in my readers... The Filthy Feck Duet is of course coming to audio. Narrated by the incomparable duo of Joe Arden and Maxine Mitchell, the duet should be releasing this spring! As soon as I have more concrete information, I will let you know!

In my Diva and Spoilers' readers' groups, as well as my FB page, there are two copies of Filthy Lies up for grabs! (Six total.) So be sure to check them out and take part!

DIRTY CRAZY BAD BOOK 2 BY SIOBHAN DAVIS

Dirty Crazy Bad Book 2

by Siobhan Davis

The thrilling conclusion to the Dirty Crazy Bad Duet from USA Today & WSJ bestselling author Siobhan Davis.

In the secret society of The Luminaries, no sin will go unpunished...

The Greed & Gluttony Luminary has trapped us into executing his evil plans, and it seems we have little option but to agree. Carter has orchestrated Chad's kidnapping, and he holds my mom's life in his hands.

Then he drops a game-changer.

We must play our parts—or at least look like we are—because the fate of our loved ones, and the world at large, depends upon it. There is no choice.
