Hello Lovelies!

Just a little email to check in with all of you! I'm in England for a few days still, but soon I will be back home in Spain. I love traveling and it always inspires me to write my whacky stories, but I miss my little piece of paradise and my ocean view. It will be nice to set my bags down for a bit.

I was debating if I was going to watch *Bridgerton* right away or wait for it all to be released and binge it then, and well, the decision was made for me... I just got the audio proofs for *Things Left Unsaid* so don't mind if I postpone the binging until I've listened to Connor and Stella perform my story! What about you? Will you be watching now or waiting to binge all 8 episodes at once?

While we are on the topic of *Things Left Unsaid*... My Advance review team has some spots available. If that is something you'd be interested in, **here is the link to the post in my reader group**. If you have any questions drop them on that post and Anne will happily answer all of them for you!

So with the deep rumble of Connor's voice and Stella's melodic voice in my ears, I bid you till next time! <3

Happy reading, happy binge-watching *Bridgerton*, and happy weekend!!

xo

PULSE BY ADRIANA LOCKE

Pulse

by Adriana Locke

USA Today bestselling author Adriana Locke delivers a spicy, age gap, grumpy sunshine, workplace romance in the first book in the brand new Landry Security series.

Troy Castelli acts like it's my fault that we're cooped up together in a room with one bed overlooking the ocean. I didn't ask for a stalker to break into my house and then send me a threatening email detailing my demise. And I sure as heck didn't request that my boss send Troy and his uber elite bodyguard skills to accompany me out of town—although I'm not mad about it.

The Moment They Can't Forget

by Lani Blake

Rule #1 in the best friends handbook is, don't sleep with your best friend's sister.

Alcohol and a hot forbidden woman never mix.

One night. Plenty of fun that turned dirty, and a morning of regrets.

JD Hopper hadn't planned on Zoe Duke being the girl he couldn't get out of his head. What he had planned on was never acting on it, until he did.

Now he had to pretend she's kind of a friend, but more an irritation.

A woman who had rocked his world in a single night.

And then there were her big, bad brothers.
